

Biennial International Conference for the Craft Sciences (BICCS 2025)

 **Dates:** October 22–24, 2025

 **Venue:** The Craft Laboratory, Mariestad, Sweden & Online

 **Deadline for extended abstracts:** April 4, 2025

Join us at **BICCS 2025**, where craft research meets digital innovation!

Are you looking for a dynamic platform to **share your research across disciplines and faculties**? The Biennial International Conference for the Craft Sciences provides a unique space for exploring the **performative and material dimensions of craft research** through multimodal communication.

- **Publish your extended abstract** on the BICCS portal
- **Potential full paper publication** in the peer-reviewed **FORMAkademisk journal**
- **Engage with international researchers** in craft and material-based research
- **Showcase your work** through exhibitions and performances, documented by our film team
- Through the **collaboration with GRIDH**, your work gains a broader reach, and our film team helps you document exhibitions and performances on-site.

Take this opportunity to make your research visible—**submit your abstract by April 4, 2025!** Find out more and participate: biccs.dh.gu.se

We look forward to your contribution!

Best regards,

The BICCS 2025 Organizing Committee
