# CHALLENGE TURKU goes GREEN

The world is drowning in our unsustainable textile industry. We are calling on you to help change it!

You will be given access to some of Finland's top fabric producers who call on you to give them the ideas for change. Your job is to give them creative tools to be more sustainable. It's done in a fun and intensive 24h innovation camp, where you together with a group of engaged cross-discipline students come up with new and innovative solutions for the companies.

**When?** Nov 7th - 8th, 2019

**Where?** Tuorla, Kaarina

**Who?** For all students from universities and secondary schools

**Costs?** Free food, accommodation and transportation to camp

**Why?** New friends, innovation skills, circular economy knowledge and 1 ECT

**How?** Apply by Oct 24th in [lyyti.in/challenge2019](https://lyyti.in/challenge2019)
